STANDARDS FOR APPROVAL

To qualify for a variance, an applicant must demonstrate that his/her request meets the following tests:

- ~ The strict enforcement of the non-use provisions of this Ordinance would unreasonably prevent the owner from using the property for a permitted purpose, or would render conformity unnecessarily burdensome;
- ~ Granting the variance would do substantial justice to the applicant as well as to other property owners in the district, and a lesser relaxation would not give substantial relief and be more consistent with justice to others;
- ~ The plight of the owner is due to circumstances unique to the property;
- ~ The problem that the variance is fixing was created by the owner or their predecessor in title; and
- ~ The requested variance will not be contrary to the spirit and intent of this Zoning Ordinance, public safety or substantial justice.
